ABOUT NEXTGEO

Next Geosolutions (NextGeo) is a leading international contractor providing marine geoscience survey services and offshore construction support services to the energy sector, with a special focus on offshore renewables. Established at the end of 2014 and part of the Marnavi group - the largest Italian shipowner operating globally in the offshore sector - NextGeo offers turnkey survey solutions and support services for the design, engineering and construction of offshore infrastructures, with high quality standards, thanks to a solid know-how in the offshore sector, consolidated over a few decades. With a large fleet of latest generation DP2 class vessels and a multi-ethnic team of over 300 qualified and experienced professionals, NextGeo guarantees a wide range of services ranging from specialized services in the field of marine geophysics and geotechnics, to environmental and archaeological investigations up to the identification and removal of Unexploded Ordnances (UXO) as well as offshore construction support services. NextGeo closed FY 2023 with a production value of €148.6 million and a net profit of €29.2 million.
